Design and Implementation of an Employee Management and Payroll System Using Java AWT, JDBC, and MySQL

Add method:

The screenshot displays a Java AWT window titled "Employee Management and Payroll Application". The window contains a form for adding a new employee. The form is organized into two main sections: a left column for input fields and a right column for action buttons. The input fields are labeled with employee details: Employee ID, Name, Gender, Date of Birth, Contact Number, Email, Address, Department ID, Designation, Joining Date, Basic Salary, Allowances, Deductions, and Employment Status. The action buttons include ADD, SEARCH, UPDATE, DELETE, VIEW ALL, PAYROLL, and CLEAR. A text area on the right side of the window displays the "EMPLOYEE LIST" for the selected employee, showing details such as Employee ID, Name, Department ID, Designation, Status, and Basic Salary.

Field	Value
Employee ID	101
Name	Shekar Kumar
Gender	Male
Date of Birth	2006-05-07
Contact Number	9876543210
Email	shekar@gmail.com
Address	Shadachalam
Department ID	2
Designation	Software Developer
Joining Date	2026-06-30
Basic Salary	50000.0
Allowances	5000.0
Deductions	2000.0
Employment Status	Active

EMPLOYEE LIST

Employee ID: 101
Name: Shekar Kumar
